The Founding of Rome

According to legend, Rome was founded in 753 BC by Romulus and Remus, twin brothers who were raised by a she-wolf. The story goes that

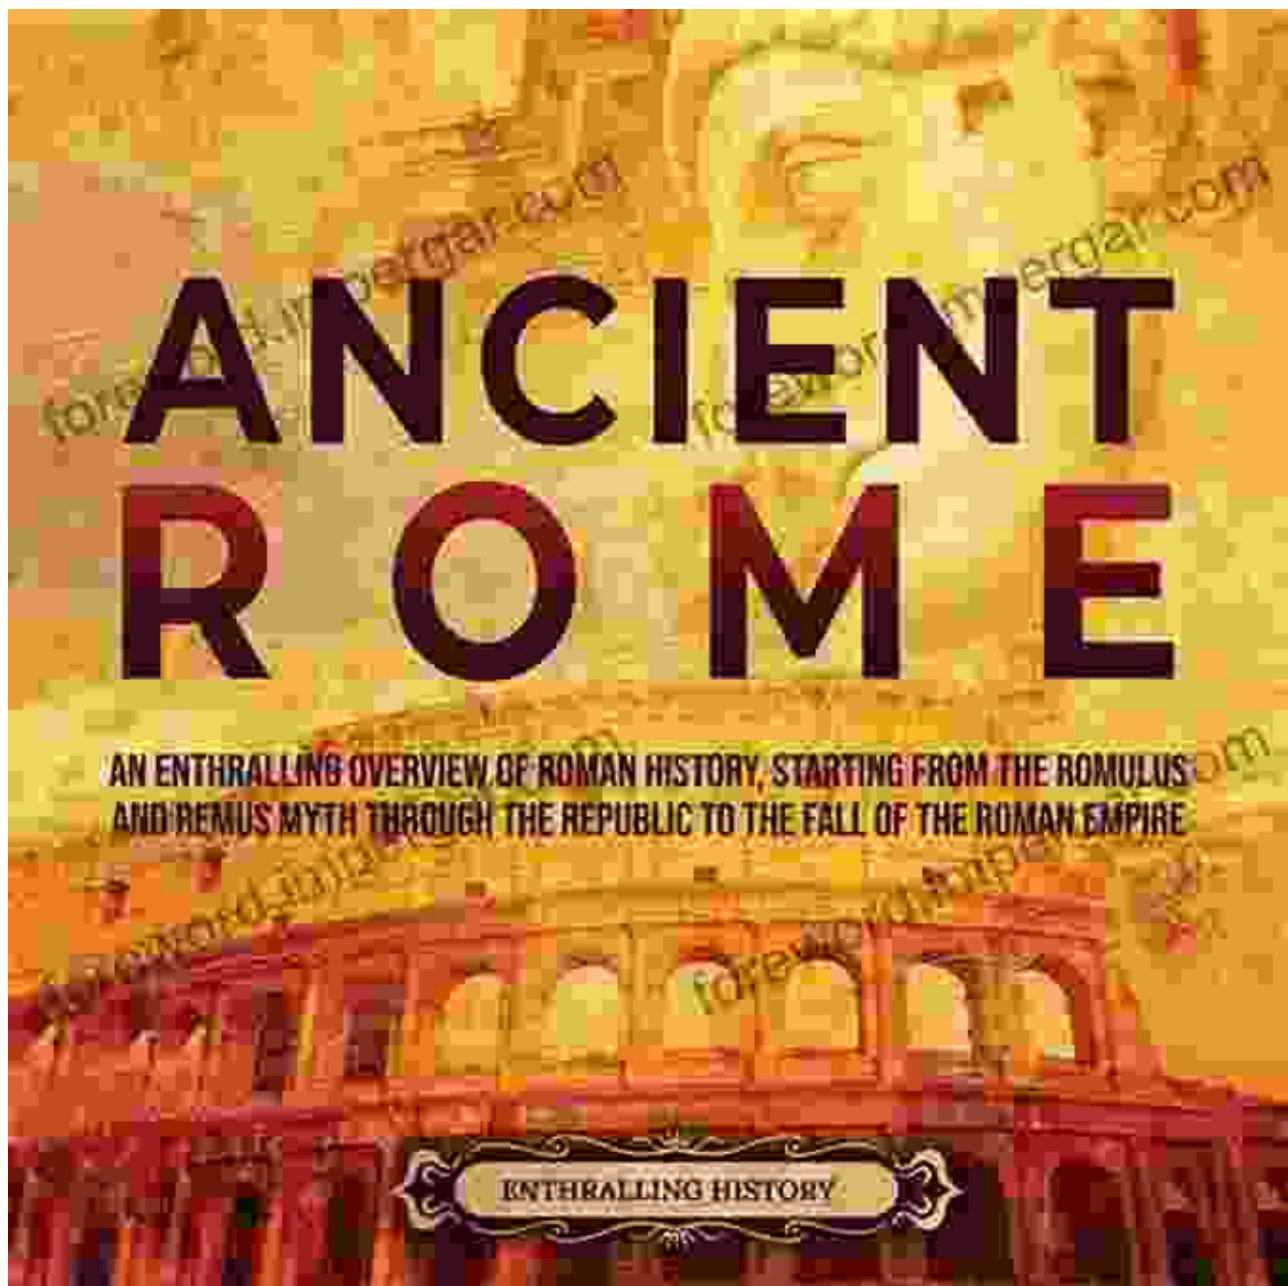

the brothers quarreled over who should rule the city, and Romulus killed Remus. Romulus then became the first king of Rome.

The Roman Republic

In 509 BC, the Roman monarchy was overthrown and the Roman Republic was established. The Republic was a period of great expansion and

prosperity for Rome. The Romans conquered vast territories, including much of Europe, North Africa, and the Middle East.

The Roman Empire

In 27 BC, the Roman Republic was transformed into the Roman Empire. The first emperor of Rome was Augustus Caesar. Under the emperors,

Rome reached its greatest extent, ruling over an empire that stretched from Britain to Egypt.

The Fall of the Roman Empire

The Roman Empire began to decline in the 3rd century AD. The empire was plagued by economic problems, political instability, and military defeats. In 476 AD, the Western Roman Empire fell to the Germanic tribes.

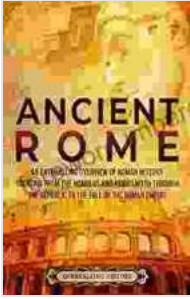

The Legacy of Rome

Although the Roman Empire fell, its legacy continues to this day. Roman law, architecture, and engineering have had a profound influence on Western civilization. The Latin language, spoken by the Romans, is the basis for many modern languages, including English, French, and Spanish.

Rome is a city that has seen it all. It has been the center of an empire, the home of popes, and the capital of Italy. It is a city that is steeped in history and culture. If you are ever in Rome, be sure to visit some of the city's many historical sites, including the Colosseum, the Roman Forum, and the Vatican City.
