World War I, a conflict of unprecedented scale and devastation, left an immeasurable scar on the lives of millions. Among the countless stories of heroism and sacrifice, the losses suffered by Canada stand as a poignant testament to the horrors of war. Canadian Casualties July To December 1915 provides a comprehensive and deeply moving account of the Canadian soldiers who made the ultimate sacrifice during this fateful period.

The Outbreak of War and the Canadian Response

When war erupted in Europe in August 1914, Canada, as a dominion of the British Empire, found itself drawn into the conflict. With a population of just over 7 million, Canada sent over 400,000 soldiers overseas to fight alongside its allies. The Canadian Expeditionary Force (CEF) arrived in England in October 1914 and underwent rigorous training in preparation for the horrors that awaited them on the Western Front.

The Battles of Ypres and the Somme

The first major battle involving Canadian troops was the Second Battle of Ypres in April 1915. This brutal confrontation saw the Canadians face the horrors of chlorine gas warfare. Despite their valiant efforts, the Canadians suffered heavy losses, with over 6,000 casualties. The following summer, the Canadians played a pivotal role in the disastrous Battle of the Somme. Launched on July 1, 1916, the Somme offensive resulted in the single bloodiest day in Canadian military history. Over 24,000 Canadian soldiers were killed or wounded in the first day of fighting alone.

Canadian Casualties July To December 1915 meticulously documents the devastating toll that the war took on Canadian families.
