Humes, a Pulitzer Prize-winning journalist, spent years investigating Ingram's case. He interviewed Ingram, his family, friends, and colleagues. He also pored over thousands of pages of documents. What he found was a disturbing pattern of misconduct and corruption within the police department.

Ingram was a rising star in the police department. He was a charismatic and popular officer who was known for his dedication to his job. But Ingram

also had a dark side. He was a heavy drinker and a womanizer. He was also known to have a short fuse.

In 1991, Ingram was involved in a shooting that left a young black man dead. Ingram claimed that the man was armed and had lunged at him with a knife. But witnesses said that the man was unarmed and that Ingram had shot him in the back.

Ingram was convicted of murder and sentenced to life in prison. But Humes' investigation raises serious doubts about Ingram's guilt. Humes found that the witnesses who testified against Ingram had been coerced or intimidated by the police. He also found that the evidence against Ingram was flimsy.

Humes' book is a powerful indictment of the police department. It shows how corruption and misconduct can lead to wrongful convictions. It also raises important questions about the role of the police in our society.

*Murderer With Badge* is a must-read for anyone who is interested in the criminal justice system. It is a disturbing book, but it is also an important one. It shows us that the police are not always the heroes we think they are.

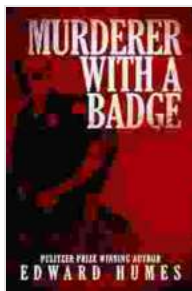

## **Edward Humes**

Edward Humes is a Pulitzer Prize-winning journalist and author. He has written extensively about crime, justice, and race. His other books include *No Matter How Loud I Shout: A Year in the Life of Juvenile Court*, *Garbo: The Spy Who Saved Sweden*, and *The Underground Railroad: A History*.
