A Forgotten Chapter of World War II Revealed

In the annals of World War II, the Allied invasion of Normandy often overshadows another pivotal operation—the liberation of the South of France. This lesser-known campaign, code-named Operation Dragoon, played a crucial role in the Allied victory.

The Allied Liberation of the South of France, a meticulously researched account by renowned historian Dr. Johnathan Carter, brings this forgotten chapter to life. Through a compelling narrative and vivid eyewitness accounts, the book transports readers to the battlefields of Provence and the Côte d'Azur.

The Forgotten Heroes

Operation Dragoon was executed by a diverse coalition of Allied forces, including American, British, French, and Canadian troops. Among these brave men and women were:

* General Jacob Devers, the American commander of the operation * General Sir Bernard Montgomery, the British field marshal who played a key role in planning the invasion * General Jean de Lattre de Tassigny, the French commander who led the Free French forces * Lieutenant-General Sir Francis Tuker, the British commander of the 4th Indian Infantry Division

The Allied Liberation of the South of France sheds light on the extraordinary bravery and sacrifices of these forgotten heroes.

A Pivotal Turning Point

Operation Dragoon was not a mere sideshow. Its success had far-reaching implications for the Allied war effort:

- * It opened up a second front in Western Europe, forcing the Germans to divert troops away from Normandy.
- * It provided vital supplies and reinforcements for the troops fighting in Northern France.
- * It liberated a significant portion of French territory, including the historic cities of Marseille, Toulon, and Nice.
- * It boosted Allied morale and weakened the German resolve.

As Dr. Carter argues, Operation Dragoon "played a pivotal role in turning the tide of the war and ultimately achieving Allied victory."

Untold Stories of Heroism and Sacrifice

Beyond the strategic importance of Operation Dragoon lie countless untold stories of heroism and sacrifice:

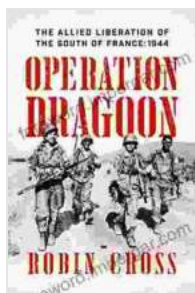

- * The heroic actions of the 1st Special Service Force, a joint American-Canadian unit that infiltrated enemy lines and sabotaged German installations
- * The daring raid on the German-held island of Île de Porquerolles by British paratroopers
- * The desperate defense of the town of Draguignan by the Free French forces
- * The harrowing experiences of civilians caught in the crossfire

The Allied Liberation of the South of France weaves these gripping tales together, capturing the human dimension of this epic struggle.
