

The Peculiar Institution: Redefining Slavery in the Global Context

By [Author's Name]

The Peculiar Institution is a groundbreaking work that explores the history of slavery in the United States from a global perspective. This book challenges traditional narratives and provides a fresh understanding of the institution of slavery in the United States and its impact on the world.

The author argues that slavery in the United States was not a unique institution, but rather part of a larger global system of slavery that existed for centuries. He traces the origins of slavery in the United States to the transatlantic slave trade and shows how the institution was shaped by the economic, social, and political conditions of the time.

American Slavery, Atlantic Slavery, and Beyond: The U.S. "Peculiar Institution" in International Perspective (United States in the World) by Enrico Dal Lago

The author also examines the ways in which slavery in the United States influenced the development of other countries around the world. He shows how the United States' demand for slave labor drove the expansion of the slave trade and how the institution of slavery in the United States shaped the economies and societies of countries in Africa, the Caribbean, and Latin America.

The Peculiar Institution is a must-read for anyone interested in the history of slavery in the United States and its impact on the world. This book is a major contribution to the field of slavery studies and will reshape our understanding of this important topic.

Reviews

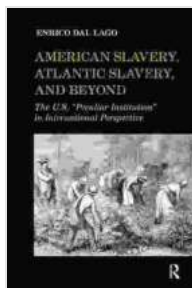

"A groundbreaking work that challenges traditional narratives about slavery in the United States. This book is essential reading for anyone interested in the history of slavery and its impact on the world."—**Dr. Henry Louis Gates, Jr., Harvard University**
