Excerpt

Here is an excerpt from UFO Frightening Encounters Volume 1:

“In the summer of 1947, a rancher named William Brazel discovered a strange object in his fields near Roswell, New Mexico. The object was made of a strange, lightweight material and covered with strange symbols. Brazel reported his find to the authorities, and soon the military was on the scene.

The military quickly cordoned off the area and began an investigation. They quickly determined that the object was not of this world. It was a UFO.

The Roswell UFO crash is one of the most famous UFO cases in history. It is a case that has been studied and debated for decades. And it is a case that still remains unsolved.”
