## **CPS Abuse of Power: A System that Victimizes the Vulnerable**

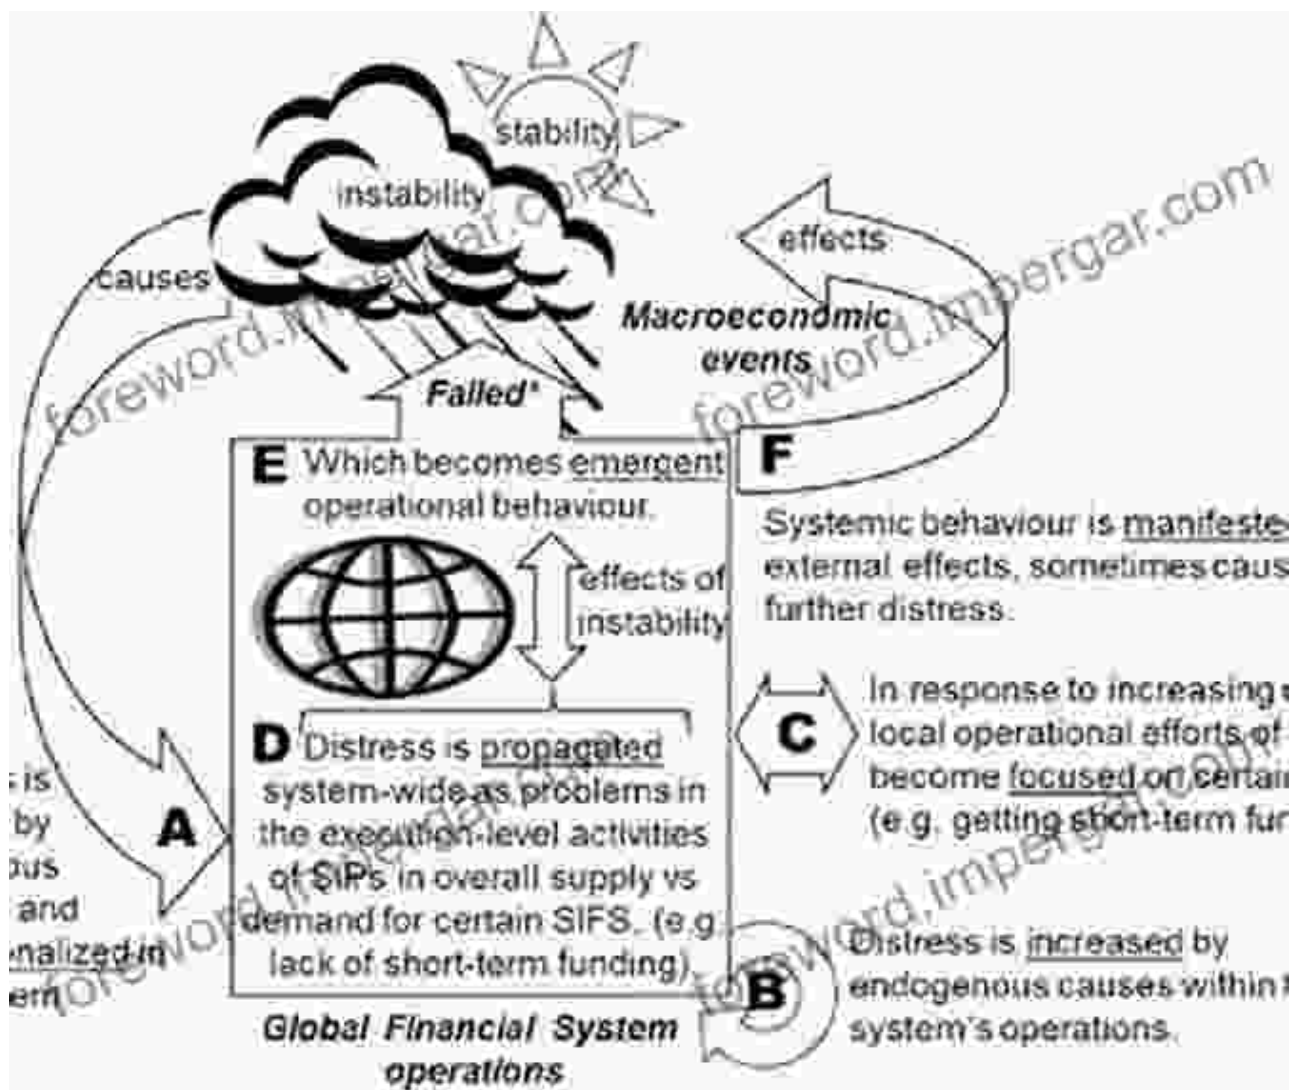

Disturbingly, the book unveils how CPS has become a source of harm for the very children it is meant to protect. Overzealous caseworkers and biased investigations have resulted in wrongful accusations, tearing families apart without justification. The book delves into the disturbing cases of families like the McCulloughs, who were falsely accused of child abuse, leading to years of legal battles and emotional distress.

Families torn apart by the unjust actions of a flawed system.

## **Systemic Failures: A Broken System Plagued by Inefficiency and Bias**

The systemic failures that plague CPS are laid bare in this book. Inadequate training, overburdened caseloads, and lack of accountability have created a culture of inefficiency and error. The book exposes the biases that permeate the system, with children from minority backgrounds and low-income families disproportionately targeted for investigation.

- \* Independent oversight to ensure accountability
- \* Elimination of biases and disparities in investigations
- \* A focus on family support and prevention programs

The children of our nation deserve a system that truly protects them from harm. "The Decline and Fall of Child Protective Services" is a clarion call for urgent action.
